A Well-Maintained Community

Protecting your home and peace of mind

At Trinity Village Terrace, each resident contributes a portion of their monthly Occupancy Charge to a dedicated Reserve Fund. This fund is carefully set aside to support the repair, replacement, and improvement of shared building components and exterior elements — helping to preserve the long-term value of your home and the community.

The Reserve Fund covers capital items such as:

- Roofs, windows, decks, and exterior finishes
- Driveways, walkways, drainage systems, and roadways
- Shared mechanical systems, lighting, and more

Key facts:

- Professionally managed by a Reserve Fund Committee with representation from both residents and the organization
- Reviewed every 5 years through an independent Reserve Fund Study conducted by a qualified engineering firm
- Invested responsibly to ensure funds are available when needed — no unexpected assessments or major repair fees for residents

This approach ensures that maintenance and future capital work are planned and funded, creating a worry-free lifestyle for those who call Trinity Village Terrace home.

**This overview is for informational purposes only. For comprehensive terms, responsibilities, and conditions, please refer to the full Reserve Fund Policy and the Life Lease Occupancy Agreement.*
